Coverage Definitions

Commercial General Liability

Commercial General Liability (CGL) insurance protects you against claims arising from injury or property damage that you (or your business, including your staff) may cause to another person as a result of your operations and/or premises. For example, a client may fall and injure themselves on a wet floor in your office and look to hold you or your business responsible (they have experienced a bodily injury as a result of your premises). That's why CGL is so commonly referred to as "slip and fall" insurance.

Regulatory Legal Expense Coverage

The regulatory legal expense endorsement provides coverage for legal costs associated with having to respond to a complaint, or appear at a disciplinary hearing with a provincial regulatory organization or agency. In the event of a complaint or investigation, members are provided with superior legal representation and defence protection. Examples include complaints alleging professional misconduct, incompetence, or incapacity.

Criminal Defence Coverage

Coverage will reimburse insured members for defence costs associated with a case filed under the Criminal Code if the professional service was rendered in Canada and the member is found 'not guilty' of the criminal charge.

Sexual Abuse and Counselling Fund / Abuse Coverage

All options include a maximum funding of \$20,000 for the rehabilitation and therapy of a person who, while a client, suffered abuse in the course of an insured member's practice as a psychology practitioner. Members are also provided with a \$1,000,000 sublimit to pay for defence costs and damages because of civil claims relating to actual or threatened abuse.

Out-of-Country Extension

Out-of-country coverage is automatically included for 90 consecutive days at no extra charge for members who travel outside Canada while:

- a. accompanying Canadian clients,
- b. attending academic courses, or
- c. participating in professional exchange programs with other countries.

Please contact BMS if you require coverage beyond 90 days.

Cyber Security & Privacy Liability Coverage

Cyber security is one of the fastest growing areas of risk, and the healthcare sector is not immune. Your policy automatically includes \$50,000 of Cyber Liability Coverage to protect against claims arising out of lost or compromised electronic data.

Members have the option to purchase additional Cyber Security and Privacy Liability coverage to better manage the risk of holding increasingly large quantities of personally identifiable data of clients, employees, and others, and to mitigate the reputational damage resulting from a data security breach. Individual Cyber coverage can be increased to \$1,000,000 for an additional premium of \$75.00. Members can also purchase Cyber Security and Privacy Liability Insurance for their Clinics/Businesses.
